Bosch 2 608 602 389 angle grinder accessory Cutting disc

Model: 2608602389

Manufacturer: BOSCH

EAN: 3165140505260

Product Code: 1587556

R804

Need a disc that can cut, grind, and finish your stainless steel and metal workpieces? With the PRO Stainless Steel and Metal you can get it in one go. Use it to cut, grind and finish stainless and metal profiles, pipes, and plates – all in one step.

The PRO Stainless Steel and Metal is a great choice for metalworkers who need a disc to cut, grind and finish stainless steel and metal components in a single step. The disc owes its versatility to a high-quality mix of fine abrasive grains. This means you can use it for fast and accurate cutting, fine grinding and efficient finishing that leaves no grind marks. The disc is 2.5mm thin to allow you reach tighter spaces. We reinforced it with a strong fibreglass net to ensure stable and safer performance.
