Resilient display protection: impacts, scratches and the like are no problem for the durable and robust protective film

Unbreakable thanks to effective impact and shock protection

Unbreakable display protection for longevity: the flexible, indestructible material guarantees effective protection against scratches, impacts and shocks

Full-cover protection

Full-screen coverage: the display protector with black, ultra-wide frame merges with the edge the smart watch and offers complete protection for the front - from the display to the edges and beyond

Quick and easy to attach

Three simple steps to display protection: clean the display, place the smart watch in the installation frame and apply the screen protector — done

Discreet display protection

Unobtrusive: the transparent, form-fitting display protection guarantees secure protection

Anti-fingerprint

"Perfect touch" surface with anti-fingerprint coating

Suitable for every case

Case-friendly: the special design means it fits all cases

Electrostatic adhesion

Attaches in an electrostatic way, therefore no adhesive needed, can be removed without leaving any residue

> 20% from verifiably recycled sources
