Sandberg Car Charger 3in1 72W FlexCable is your fast charging partner for up to three devices at the same time directly from the car's 12V or 24V outlet. The built-in 75 cm USB-C cable easily pulls out when needed and automatically retracts after use. The USB-C cable delivers up to 45W, while the additional USB-C and USB-A ports provide flexible charging for smartphones, tablets, and other USB devices. A discreet LED light makes the ports easy to find in the dark, and the adjustable plug angle ensures a stable connection while driving.
