AI-OPTMIZED POWER IN A COMPACT DESIGN

Workstation-Class Performance Anywhere You Go

The 14″ Lenovo ThinkPad P14s Gen 7 is an ultra-portable mobile workstation designed for professionals on the go. Powered by robust AMD Ryzen™ AI PRO processors and integrated Radeon™ graphics, and combined with scalable, high-speed memory, this Copilot+ PC delivers exceptional AI-driven performance, enabling seamless execution of data-heavy tasks.

SMARTER COMPUTING

Secure, Local & Unstoppable AI Workflows

With the integrated AMD XDNA™ 2 NPU, this ThinkPad powers Copilot+ and on-device AI to redefine efficiency. Get faster processing speed without cloud dependency, automate routine tasks, and experience amplified AI-assisted productivity, tailored to your workflows. Copilot+ adapts to your preferences for optimized task management, unlocking your full potential.

EASY UPGRADES, SIMPLE MAINTENANCE

Stay Productive, Not Preoccupied

Enjoy easy access to customer-replaceable units such as the battery, keyboard, storage, and more — empowering you with hassle-free maintenance. Reduce downtime, boost efficiency, and stay focused on driving your business forward without unnecessary delays or complications.

ENTERPRISE-GRADE BUILT-IN SECURITY

Layered Protection That Never Slows You Down

The P14s comes with ThinkShield’s advanced security suite and AMD PRO security features, ensuring protection at every level. Enjoy seamless, secure access through the biometric fingerprint reader integrated on the power button. Plus, AMD Pluton Security safeguards sensitive data, meeting enterprise-grade security requirements — without compromises.

CREDIBILITY & COLLABORATION

Sustainability

Our goal is to provide smarter technology that builds a brighter, more sustainable future for our customers, communities, and the planet. That's why we pursue industry leading labels and certifications that demonstrate our commitment to sustainability in product design. Together, we can build a smarter future for all.
