Product Code: 1589956

R3,378

Grill smarter and healthier with the Tornado TGC-5406-GS Electric Grill—engineered for high performance and easy daily use.

Its 1500–1800 W heating system delivers fast heat-up and stable temperatures up to 280 °C, ideal for everything from searing steaks to grilling vegetables and toasting sandwiches.

Ceramic-coated non-stick plates ensure even cooking and easy food release, while the angled grilling surface with a built-in drip tray helps reduce oil and smoke—for cleaner, healthier meals.

The adjustable grill height accommodates foods of various thicknesses, and the single Push-Turn control with LED display offers simple, intuitive operation with temperature and power in one dial.

When you're finished, the removable plates and dishwasher-safe design make cleanup fast and
