The Doppio ice cream maker is ideal for making different types of ice cream at the same time, as it has two separate ice cream containers with a capacity of 1.2 liters each. Thanks to the self-cooling compressor, you can make creamy ice cream in just 30 minutes. It is easy to use thanks to the rotary knob and the stainless steel ice cream containers are removable and easy to clean. With a freezing range of -35 °C and a durable motor, this ice cream maker is designed to be used continuously.
