Gather everyone around for the UNO Party Card Game with classic UNO game play, plus extra cards and special rules designed specifically for large groups to keep the party going! Players still match colour and numbers just like the classic game, but there are a ton more cards. With up to 14 players in the game, things can get noisy, crazy and wild! This version's rules will have players passing cards until someone can't play, pointing at other players to draw cards and linking two players together who must draw at the same time. There's even a new Speed Play rule. Designed for 6 to 14 players ages 7 years and older, UNO Party is a fun game to bring together families and friends at parties and on game nights! Colours and decorations may vary.
