The POF 1200 AE router enables DIYers to rout grooves, edge profiles or even special mouldings – always with maximum precision and convenience. The powerful 1200 watt motor enables the most demanding projects to be done and ensures a continuous work rate. The Bosch electronic speed control with setting wheel and accelerator switch enables the material to be cut with exceptional precision, while the integrated spindle lock allows for quick and easy changing of the router bits. What's more, the Bosch SDS system makes it easy to insert the template guide without the need for additional tools.

Key product features
