Ottocast U2-AIR PRO Carplay Wireless Adapter (black)

The Ottocast U2-AIR PRO wireless adapter provides ease of use, compatibility with 98% of car models and access to advanced CarPlay features without the limitations of wires. At the same time, it guarantees exceptional performance - it works 30% faster than its predecessor (Ottocast U2-AIR). The accessory supports Bluetooth version 5.0 and the 5 GHz Wi-Fi band for a stable connection. It also offers a practical RGB indicator and a button that allows you to disconnect your phone efficiently. NOTE: some car models may require a supporting cable to operate with the adapter.

Reliable for everyday use

The adapter runs on a Linux operating system and uses a dual-core 1.2 GHz ARM Cortex A7 processor for smooth operation and fast response. The 802.11 a/b/g/n/ac 5 GHz Wi-Fi band and Bluetooth 5.0 guarantee connection stability and fast and efficient communication.

Automatic connection

The Ottocast U2-AIR PRO offers an auto-connect function, so it will automatically connect to CarPlay in just 14 seconds from the moment you get in the car. The solution used provides instant access to all the functions you need without having to manually set up the connection every time. Use the Siri assistant, a variety of navigation apps and listen to music or audiobooks without interruption. You can also make phone calls comfortably - the possibilities don't end there!

Refined design

The RGB indicator and a button that allows you to quickly disconnect the connected phone make the adapter extremely functional. Its modern design is an added bonus, making it the perfect addition to a modern car interior.

Hassle-free software updates

The Ottocast U2-AIR PRO adapter allows for easy software updates via OTA (Over-The-Air), so you'll always enjoy an up-to-date and properly functioning system, taking advantage of all the improvements.
