

3M 4910F25 mounting tape/label 33 m

Model: 4910F25

Manufacturer: 3M

EAN: 4001895594120

Product Code: 1596244

R5,097

Recommended for use with 3M VHB Surface Cleaner, 3M VHB Applicator Pads and 3M VHB Roller, as detailed in the application guidelines. 3M's VHB Tape provides immediate handling strength by bonding in seconds. It's quick and easy to apply with no mess or waste. As a result, the solution offers unrivalled time saving benefits and enables fabricators to complete the bonding process in house. This allows them to have complete control of the manufacture, resulting in improved production efficiency. What's more, with VHB Tape, preparation of surfaces is much easier and safer, with no need to use strong chemicals. And that means less mess and fewer issues with health and safety in the work environment. IMPORTANT: Before applying 3M VHB Tape please [click here](#) to review surface preparation and application instructions The information provided is based on 3M experience. In all cases full testing should be carried out to determine suitability for intended use.

Replace screws, rivets and studs when bonding with 3M™ VHB™ Tape 4910. Our tape bonds and seals transparent materials on contact with no drying. It's virtually invisible and helps keep surfaces smooth with no unsightly rivet or weld marks. It spreads stress load across length of the joint and with high dynamic stress absorption reduces vibration and impact stress.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
