Model: PG74973

Manufacturer: PANZERGLASS

EAN: 5715685054754

Product Code: 1596447

R968

This PanzerGlass® Squad Watch Case is designed for your watch to stay protected when it matters most. The full-body design covers both the front and sides of your watch, providing reliable protection against scratches, impacts, and bumps. At the same time, it maintains full access to all buttons and controls, so your watch works exactly as it should – just better protected.

Installation is easy – just click it on, and you’re ready to go. And once it’s in place, you’ll never again worry about taking your watch into the water. This may never happen, but if it does, you’ll regret not having clicked “add to cart”.

And, of course, this product comes in a recyclable FSC™-certified box.
