Bosch 2 608 900 429 drill hole saw

Model: 2608900429

Manufacturer: BOSCH

EAN: 4059952535753

Product Code: 1596845

R1,453

EXPERT TOUGH MATERIAL FOR LONG LIFE CUTTING HOLES IN MULTI MATERIAL

Most hole saws for wood and metal seem to work fine - until you hit a hardened nail or screw. Then they scream and smoke and grind until their teeth are torn off, and you still only have half a hole. With its carbide teeth, the EXPERT Tough Material barely slows down when it hits metal – it cuts neatly through and keeps on cutting holes, time and again.

The Bosch EXPERT Tough Material Hole Saw great all-rounder for every tradesman – because half a hole is not even worth half a hole.
