

Techly Additional HDMI HDbitT IR Extender Receiver on 120m Cat.6 Cable

Model: IDATA-EXTIP-383RV4

Manufacturer: TECHLY

EAN: 8059018361865

Product Code: 1597386

R2,748

The HDbitT HDMI extender offers all the advantages of the latest transmission technology - HDbitT, allowing you to extend the HDMI audio / video signal with a resolution of 1080p 60Hz up to 120m using a single network cable. Support IR signal transmission, to control media playback of the source device from the position where the screen is.
Due to the high bandwidth consumption, it is advisable to use these devices with IGMP routers, or alternatively on dedicated networks or on separate port based VLANs.
