Product information "Gaming-Set, keyboard, mouse and mouspad" from LogiLink

LogiLink's wired gaming keyboard, mouse and mouse pad combination consists of a mechanical keyboard, a 5-button optical mouse and a large gaming mouse pad.
The keyboard convinces with its robust and stylish metal surface and comes with LED backlight (rainbow colors). The ergonomic mouse offers besides the 5 keys also the setting of the DPI (dots per inch) from 800-2400 dpi and is also illuminated (RGB). To complete the Gaming Starter Set, we also supply an extra large and non-slip Gaming Mouse Pad (4 mm), which provides an ultra-fast surface for optimal gliding.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
