R13,334

Clear & Large Display for Visual Comfort

With DCI-P3 and HDR10, LG UltraFine™ Ergo provides exceptional image quality. 31.5-inch 4K IPS display delivers a comfortable viewing experience by reducing colour shift from different vantage points.

Perfectly Follow Your Eye Level

Enhanced flexibility of the Ergo stand offers expanded ergonomic adjustment of extend, retract, swivel, pivot, height and tilt as well as providing perfect position of screen for more comfortable and sustainable user experience.

Compatible with Every Posture

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The Ergo is a welcome innovation for anyone who spends a significant amount of time at their desk. LG’s technologically and ergonomically advanced stand helps to promote good posture through its high degree of adjustability, enabling each user to create a perfectly customized workstation.

Fully Use Your Desk

Ergo's compact design takes up very little desk surface and also contributes to easier installation. Helping users achieve a clutter-free environment, Ergo’s USB-C One Cable solution conveniently provides fast data transfer and power for laptop charging through a single cable.

Switch swiftly

LG Switch app helps to optimize the monitor to your work and life. You can readily divide the whole display up to 6, change the theme design, or even launch a video call platform with a mapped hotkey.
