
Duracell DL2430 Single-use battery Lithium

Model: 030398

Manufacturer: DURACELL

EAN: 5000394030398

Product Code: 1598910

R561

DURACELL lithium/manganese dioxide (Li/MnO2) batteries possess high energy density, high rate capability over a broad temperature range,(1) and excellent capacity retention determined at over 95% after five years at room temperature.

DURACELL Li/MnO2 batteries are ideally suited for a wide range of uses, from supplying high current output for pulse-type applications to providing long-term standby power for memory retention.
