120Hz, making it the ideal tool for high resolution video editing or game streaming.

This docking station delivers a whole host of capable ports to connect your devices into your workflow. With SuperSpeed USB and Ethernet, you can expect to have a blazing fast experience and improve your productivity whilst the Card Readers (SD and Micro-SD) allow you to expand your storage capacity beyond that of your device. Through a single USB-C cable, connect to multiple SuperSpeed 10Gbps USB Type A or Type C ports, a 3.5mm combined headphone jack, Gigabit Ethernet, (Micro-) SD card slots, DisplayPort and HDMI.

The Docking Station also supports Power Delivery 3.0 up to 100W for charging the connected laptop. A power supply is not included. The dock can be used with the power supply supplied with the laptop or a power supply can be purchased separately.**

This USB-C Laptop Mini Docking Station is compatible with computers featuring the USB Type C port with support for DisplayPort 1.4 Alternate Mode, i.e. USB4 or USB 3.2 as well as Thunderbolt 3 or TB4 host devices. DST-Mini XT 801 comes in a stylish aluminium case and is optimally designed to place the laptop on it with rubber feet at the top and bottom to ensure a secure hold. It is designed to improve ergonomics and assist with the heat dissipation from notebooks by creating more space for the fans to operate.

*Please note that macOS does not support MST.

** Please note that the Docking Station requires 15W for its own operation.
