A high-speed cable to deliver high-definition performance.

HDMI has become the standard digital connection, delivering the highest-quality audio and video signal over a single cable. The Manhattan High Speed HDMI Cable is designed and carefully constructed to meet the evolving needs of the high-definition marketplace. This shielded cable provides the highest resolution possible at 4K x 2K, an audio return channel and a bandwidth of 10.2 Gigabits per second at 600 MHz. A high-quality HDMI cable, it provides high-definition video and multi-channel, digital audio with increased performance characteristics, greater accuracy and expanded features.
