R1,136

The right partner for your computer

The small adapter helps in the office, at home or on the road when your notebook has too few USB ports or you urgently need stable Internet access via LAN. Data is transferred via all USB 3.0 ports with a comfortable transfer rate of up to 5 Gbit/s. The Gigabit LAN connection supports you with a transfer rate of up to 1000 Mbit/s.

Simple & chic

Without a lot of knickknacks, the adapter is packaged in a high-quality aluminium housing, simply designed and functionally manufactured. Black is stylish and fits seamlessly into most IT

environments.

Integrated cable

The integrated cable makes the search for a suitable connection cable superfluous. What’s more, the 2-in-1 connector means you are also ideally equipped for different host computers with Type-A or Type-C® interfaces. The cable is always with you.
