This Fellowes Premium gel mousepad with wrist rest allows personalised comfort as the mouse mat wrist support has the ability to conform to your wrist, which helps relieve pressure and fatigue whilst mousing. To prevent frustration in the workplace or at home, we have incorporated a non-skid rubber backing to the mousepad with wrist support which keeps it in place and prevents it from slipping around. Fellowes understand that bad working habits cause many of us physical health problems and fatigue. By using this knowledge we have created a comprehensive range of ergonomic solutions like this innovatively designed product that help you enjoy a more comfortable and productive workspace. This ergonomic mouse mat has been tested by FIRA International Ltd to comply with the ergonomic requirements set out in European Health and Safety Legislation: EN ISO 9241-5.
