

Lindy USB 3.2 Type C to HDMI Converter with USB Type A Port and Power Delivery

Model: 43340

Manufacturer: LINDY

EAN: 4002888433402

Product Code: 1601729

R1,175

The Lindy USB 3.2 Type C to HDMI, USB and Power Delivery Converter allows users to maximise the functionality of a single USB 3.2 Type C port by connecting and simultaneously using an HDMI display and USB SuperSpeed peripheral as well as a USB Type C power supply to your MacBook, ultrabook or notebook. The only requirement is that the computer supports the DisplayPort Alternate Mode.

USB Power Delivery of up to 100W provides power to a notebook or ultrabook, simply connect a compatible USB power supply to the USB Type C socket of the converter.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

With support for resolutions up to 3840x2160p 30Hz, the converter is ideal for use by designers and video editors. Installation is simple as no drivers are required, while Type-C's reversible design has been developed to work regardless of which way the cable is inserted into the port.

Information about USB 3.0, 3.1 and 3.2

USB 3.0, USB 3.1 and USB 3.2 PCs, cables and devices are all compatible with each other, when using either a USB Type A or USB Type C host interface.

USB 3.0, USB 3.1 Gen 1 and USB 3.2 Gen 1 all support data transfer rates up to 5 Gbps.

USB 3.1 Gen 2 and USB 3.2 Gen 2 both support data transfer rates up to 10 Gbps.
