

HP OneShred 12CC paper shredder Particle-cut shredding 65 dB 22 cm White

Model: HPN280212CCON-14

Manufacturer: HEWLETT-PACKARD

EAN: 4030152028023

Product Code: 1602852

R3,175

The compact HP OneShred 12CC cross-cuts your sensitive documents into 4mm x 35mm clippings and belongs in every home office. The reliable paper shredder impresses with the high security level P-4 and thus meets the requirements of the Basic Data Protection Regulation for the destruction of personal documents. With a cutting speed of 1.8 metres per minute, this modern document shredder quickly shreds up to 12 sheets at a time in particle cut. If you have accidentally fed in more than 12 sheets, the paper is automatically fed back thanks to the auto-reverse function that counteracts paper jams. There's no need to tediously remove staples and paper clips before shredding, as they give the HP OneShred 12CC as little trouble as credit cards.
