Built to Move

A minimalist aluminum case measuring just 32 × 75 mm fits easily into any pocket or the smallest compartment of your backpack. Included lanyards and a mounting loop let you keep it with you at all times – always ready for action.

Durability You Can Count On

Move Ridge is more than just a compact drive. It's also durable – tested for 10,000 plug-in cycles.

Built with top-quality components housed in a lightweight, rugged aluminum enclosure, it keeps your data safe in any environment.

Always Compatible with Your Devices

Whether you're using a computer, tablet, or smartphone – Move Ridge connects seamlessly via USB 3.2 Gen 2×2 (Type-C), with full backward compatibility.

Plug & Play. No Installation. No Barriers.

Your MOVE – Your Choice

Choose the capacity that fits your needs: 512 GB, 1 TB, or 2 TB. Keep your photos, videos, projects, and documents where they're truly safe – close to you.
