Boost your interactive whiteboard with remarkable power and lightning-fast speed from the Intel® 12th Gen Core™ processor, allowing you to zip through tasks effortlessly. With Intel® WiFi 6 and Bluetooth 5.2 integration, experience ultra-fast and versatile connectivity.

Uninterrupted Performance

Use the interactive display without worrying about sudden disruptions. Built with FinchGuard, a Watchdog timer software, the VPCF5-W55-G1-2A intuitively detects and recovers from system malfunctions seamlessly, maximizing productivity.

Quiet Efficiency with Advanced Thermal Control

Equipped with a thermal control circuit and noise reduction capabilities, the device's fan dissipates heat efficiently while maintaining quiet acoustics under 35 decibels, ensuring a more conducive and longer use.

Unparalleled Visual Clarity

Experience exceptional visual performance with HDMI 1.4 and DP 1.4 output ports, respectively supporting up to 4K resolution at 24Hz and 5K resolution at 60Hz, offering flexibility for various resolutions.

Boot Up with Total Security

Prevent malicious software and unwanted operating systems from loading during startup with the optional Secure Boot in the BIOS settings. This feature stops existing errors from loading and to prevent unauthorized personnel from accessing PC settings.

Built-in myViewBoard Software

The VPCF5-W55-G1-2A seamlessly integrates with myViewBoard software, providing users with a robust whiteboarding solution featuring a wide range of capabilities, including file import, drag-and-drop content from the internet, and cloud integration.
