Multipurpose dehumidifier: not only it removes humidity in excess, but it also helps to dry up your clothes and contributes to clean the air you breath

Extremely quiet - Without compromising its dehumidification capacities, DEXD214RF is suitable for the bedroom.

Improving air quality thanks to a triple filtration system: a dust-filter, a removable allergen filter that captures various allergens and an Active Carbon Filter to help removing odours

Clothes drying function - With the clothes drying function, the DEXD214RF helps to reduce laundry drying times.
