Rise To Power

Master the dark arts and command the arcane realms: with a fully electric reclining system that makes you feel like you’re floating, an omnidirectional base that lets you move like you own the place, and body-specific support that molds to your every move, every session feels like pure magic. Wrapped in fresh, breathable imitation linen fabric and loaded with a side pocket for your essentials, the Magus is here to enthrone the gamer with a hunger for the forbidden. Sit back, rise, and show the world what real power feels like.

Defy Gravity

Experience true zero-gravity ergonomics: at full recline, the Magus raises the knees above the heart for better circulation and eliminates stress on the joints. Armrests tilt proportionally to the recline angle, optimally supporting your arms for full-body relaxation through the full range of adjustment.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Defy the ordinary and feel like you’re levitating —gravity doesn’t apply here.

Unrestricted Recline

Fine-tune your recline to perfection with fully electric, switch operated-controls, unlimited by mechanical graduation. USB-C and USB-A ports are located under recline controls for conveniently charging your devices and peripherals.

Body-Specific Support

The Magus is engineered to optimize support for specific body areas.

Imitation Linen Upholstery

Imitation linen promotes breathability, so you stay fresh and comfortable through long sessions. Available in two colors.

Specialized Padding

The mix of premium loose fill siliconized polyester fiber padding and high-density foam of the backrest tempers softness with just the right amount of give. High-density foam in the seat ensure firm but pliant cushioning.

Complete Range of Movement

A 270° free-swiveling base offers a complete range of movement. Whether you're strategizing your next move or viewing multiple screens, you never have less than full control over your lair. The base supports a maximum load of 150kgs.

Side Storage Pocket

A convenient side pocket keeps your essentials within easy reach, letting you focus on your game.
