PRO AIZ 32 BSPIB for Long Life Cutting Abrasive Wood Materials

The ideal problem-solving blade for professionals, the PRO AIZ 32 BSPIB combines great plunge cutting ability with a toughness that ensures it can cope with hardwood and wood-composites.

The PRO AIZ 32 BSPIB Plunge Cut Blade is made from Bi-Metal for strength and endurance. It has coated Japan teeth, which make it extra durable and enable aggressive and fast cuts in hardwood with reduced burning. The blade's Curved-Tec design is ideal for tear-free plunge cuts.
