The new MultiQuick 2 gives you up to 2 times finer results – featuring 600 watts of power, the Upgraded Motor Technology puts more power at your fingertips so you can easily blend, whisk or chop your favourite foods. Designed for simple speed control and comfortable one-handed blending, the Easy 2-speed control buttons are logical and easy-to-use. Choose between two speeds to create great results quickly. Just click and hold to blend delicious sauces, smoothies and desserts – with minimum effort. And if you feel like getting more creative, a simple twist is all you need to switch attachments. The EasyTwist System lets you quickly remove the blending shaft and attach any of the available accessories. You can choose from a 500 ml chopper and a whisk.
