Spring Two Gang, One Way Touch Switch, Glass Black

Model: WT-201 WIFI 2gang(N&L)1000B/G

Manufacturer: SPRING

EAN: 713239861693

Product Code: 1608827

R1,451

The touch switch with an exclusive minimalist design will catch the eye with it's aesthetics and elegance. The touch switch will turn the light on as soon as you touch it. The switch offers simple and reliable operation. Tempered glass panel, fireproof inner body and steel frame ensure the highest quality. The switch has a built-in LED indicator, which shows when the light is on / off and helps to focus in the dark. The switch is suitable for boxes conforming to the European standard, making it easy to upgrade old switches without the need for additional installation work. Technical data Mounting: standard EU (Germany) boxes Connection: standard electrical installation Dimensions: 86mm x 86mm x 35mm Rated operating voltage: 110V - 240V AC Maximum current: 5A Maximum load: 1000W Operating environment: -20 to 70 C Relative humidity up to 10% - 93%
