

The xTool Smart World Add-on for mBot2

Model: P1020008

Manufacturer: XTOOL

EAN: 6928819515871

Product Code: 1608931

R2,791

xTool Smart World Expansion Kit for mBot2

The xTool Smart World Expansion Kit for mBot2 expands the capabilities of the educational robot with new construction scenarios and hands-on tasks related to robotics and STEM education. Using components from the mBot2 kit, you can rebuild the robot into, among other things, a robot with a gripper arm, a transport vehicle for carrying small objects, or a robot designed for off-road tasks. These designs allow users to practice programming, color recognition, line following, grasping and transporting objects, as well as create more complex projects in which multiple robots work together.

Manufacturer	Makeblock
Model	xTool Smart World
