Microprocessor-controlled car battery charger 6/8/12/14/16/24V 6-24 10A W14019 WUBER

Model: W14019

Manufacturer: WUBER

EAN: 5905873305830

Product Code: 1608948

R1,430

Purpose: Repair and fast charging | Power supply voltage: 230 - 240 V | Built-in display: Yes | Rechargeable: Yes | Charging current: 0-10 A | LED indicators: Yes | Efficiency: 98% | Power protection features: Overvoltage protection | Product colour: Garnet | Weight: 1.2 kg | Operating temperature (T-T): -30 - 50 °C | Power protection features: Overheating | Power protection features: Protection against reverse connection | Power protection features: Overvoltage protection | Power protection features: Over-power protection | Power cable length: 1,36 m | Power source type: Power socket | Supported battery type: Gel | Battery voltage: 6 / 8 / 12 / 14 / 16 / 24 V | Supported battery type: WET | Set contents: Cables with clamps | Warnings: Protect the charger from children. | Supported battery type: EFB | Supported battery capacity : 3 - 150 Ah | Charging cable length: 1.5 m | Warnings: Avoid contact of the charger with water. | Set contents: Manual | Supported battery type: VRLA | Supported battery type: AGM | Warnings: Do not dismantle the charger yourself.
