

Verbatim PP filament

Model: 55952

Manufacturer: VERBATIM

EAN: 023942055952

Product Code: 1609262

R1,458

One of the most commonly used plastics in industry with good mechanical properties of stiffness and strength as well as being very lightweight and having good hinge properties. Made with food grade pellets, it is resistant to acids, alkalis and organic solvents with good light transparency and comes with high quality controls as standard. Applications include prototypes, toys, automotive and mechanical engineering.
