Product Code: 1609461

R1,092

S 1122 EF Flexible for Metal Reciprocating Saw Blade is optimised for flush cutting in metal

Cuts steel materials with most common wall thicknesses thanks to blade's fine tooth pitch (1.4 mm)

BIM blade is suitable for cutting regular-strength steel materials. Standard length of 225 mm has a 175 mm cutting capacity

Fine tooth pitch is ideal for use on pipes and profiles with a wall thickness of 1.5 mm to 4 mm
