Climb into the cab with SimTask Truck-40 Add-On Kit, the ultimate truck simulation pack. Enjoy a large wheel rim (15.7 inches / 40 cm in diameter) and an adjustable metal mount for an ideal driving position and instant immersion on your long hauls.

Take the wheel, the road is calling! Climb into the driver's seat with SimTask Truck-40 Add-On Kit, the ultimate truck simulation pack. Featuring a dedicated wheel rim and mount, it instantly turns your desk into a real professional truck cab. The large wheel rim (15.7 inches / 40 cm in diameter) is inspired by iconic European trucks and offers realistic ergonomics. Its intuitive controls with authentic markings are pre-assigned via Plug & Play in Euro Truck Simulator 2 and American Truck Simulator.

The mount lets you position your racing wheel base horizontally for an immersive driving position, and adjusts for your comfort thanks to 4 height presets and adjustable tilt. Its 0.2 inch / 4 mm-thick, 100% metal structure guarantees absolute rigidity and durability, making it great for long drives.
