

D-Link 15.4w Gigabit PoE Injector

Model: DPE-101GI

Manufacturer: D-LINK

EAN: 790069341335

Product Code: 1611412

R1,407

The DPE-101GI Gigabit PoE Injector is designed to supply a power and data connection to PoE devices such as an IP Camera or Wireless Access Point. The IEEE 802.3af compliant DPE-101GI gives you the ability to mount your PoE device virtually anywhere in a building, such as on ceilings or near entryways, by eliminating the need for a nearby power outlet and attached power supply. D-Link's DPE-101GI combines electrical power with a Gigabit network connection and produces a Gigabit Power over Ethernet (PoE) signal, allowing a single Ethernet cable to carry both data and power to a device.

Cost Efficient Flexibility Deploying the DPE-101GI saves both installation costs and equipment costs, allowing a single RJ-45 Ethernet cable to carry both power and data to each device. This reduces cables, eliminates the need for dedicated electrical outlets on the wall, ceiling, or other unreachable place, and most of all, reduces installation time. The Power over Ethernet solution frees IP surveillance cameras and wireless AP deployments from the restrictions of power outlet locations.

High Speed Connectivity The DPE-101GI Gigabit PoE Injector is designed to be deployed in situations
