

Canon imageFORMULA P-208II Portable Duplex Document Scanner

Model: 9704B003

Manufacturer: CANON

EAN: 4528472106366

Product Code: 1611556

R3,769

Outstandingly portable and ADF-equipped

The P-208II now comes equipped with ADF that can hold up to 10 documents. With its compact design, this lightweight scanner — weighing just 600g and measuring 312.5 x 55.5 x 40mm — is small enough to fit neatly into a bag for quick and easy use wherever you go.

Plug & Scan

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

There is no need to install any driver software or scanning application on your PC as the pre-installed scanning utility, CaptureOnTouch Lite, provides plug-and-scan capabilities. Simply opening the feed tray turns the scanner on and makes it ready to scan.

USB Powering

For enhanced portability, it now comes loaded with a USB bus power drive that makes scanning possible without an AC/DC adaptor. You can scan wherever and whenever the need arises using a single USB cable that packs away neatly when the job is done.

Full auto mode

This mode allows you to scan documents that contain pages of varying type under conditions that best suit each type. The mode also includes the Skip Blank Page function for efficient scanning of only the necessary pages.

Picture mode

Use the picture scanning mode to reproduce gradation in colour more accurately in scanned image.
