- Create ID photos to widely accepted standards

Ultra-compact, portable photo printer

Ultra compact and easy to carry, the SELPHY CP1000 photo printer delivers fast, reliable, professional quality photo printing wherever you need it.

Simple to use

Anyone can print with the user-friendly design that includes a tilting 6.8 cm (2.7") LCD for easy viewing and intuitive menus with on-screen instructions for simple navigation. Easily store your favourite print settings for consistent results.

Lab-quality printing

Print professional quality long lasting photos in less than 1 minute. Dye sublimation technology provides superb depth and colour gradation without the wait.

Memories that last

A special coating protects each print against splashes, spills and fading for up to 100 years when stored in an album. You can even apply a choice of 3 semi-gloss finishes to further prevent fingerprints and create a similar feel to traditional lab prints without the need to change any consumables.

No surprises

The SELPHY CP1000 offers low printing costs, with great quality and convenience. Plus you can stay in full control with a defined number of prints from every pack of consumables. Enjoy even lower print costs with the larger media packs.

Print your way

For quick prints just connect your PictBridge-compatible camera directly to the printer. For greater flexibility you can also print from a range of memory cards or USB flash drives.

ID Photo Print

Whether for business or home use, ID Photo Print with Face Frame Guide lets you quickly and easily create and print ID photos in a wide range of accepted sizes. Dual ID print lets you print 2 different ID sizes on one sheet of paper, while printed cutting guides allow for accurate trimming.

Range of print sizes

The printer offers many ways to share your memories including postcard, square¹ or credit card¹ sized prints – all in super-quick time.

Enhance your photos

Auto Image Optimize with Scene and Face Detection ensures superb results. It intelligently corrects image imperfections while reducing unwanted noise, giving your prints extra clarity and richness.

Printing on-the-go

Print on the move indoors or out with the optional rechargeable Battery Pack NB-CP2L, which conveniently attaches to the back of the printer. A single charge delivers over 36 postcard size prints.
