Box FRITZ! 6690 Cable

Model: 20002965

Manufacturer: AVM

EAN: 4023125029653

Product Code: 1612615

R7,752

High-speed Wi-Fi at cable connections

The FRITZ!Box 6690 Cable for cable connections ensures maximum Wi-Fi speed with Wi-Fi 6 up to 4800 Mbit/s.
This makes the FRITZ!Box 6690 Cable the heart of your home network , for unlimited Wi-Fi fun and all your internet and multimedia needs. Another highlight is the gigabit cable connection based on DOCSIS 3.1, which thanks to the 2.5 gigabit LAN port also ensures maximum speeds for devices connected via LAN.

Wi-Fi 6 – faster Wi-Fi for any situation

Wi-Fi 6 is the newest and fastest wireless standard, reaching speeds up to 40 percent higher than previous Wi-Fi generations. With the FRITZ!Box 6690 Cable's high-speed Wi-Fi, browsing and streaming enter the fast lane. The highlight: Even with multiple devices active at the same time, the data rates remain high – for each individual device. In tense multiplayer battles, you'll benefit from

lower latency with Wi-Fi 6. The icing on the cake is the new power-saving features, improving battery life performance for your devices.

The FRITZ!Box 6690 Cable also supports established standards such as Wi-Fi 5 and 4, for full compatibility with all devices.

Mesh Wi-Fi with FRITZ!

The FRITZ!Box 6690 also supports Mesh Wi-Fi, meaning your videos, music and photos seamlessly reach every corner of your home, apartment or office. How does it work? The FRITZ! devices work together as part of a single network, communicating with each other and optimizing wireless devices and network usage.

With Mesh you enjoy high speeds while surfing, streaming or gaming. Breathtaking HD TV and your favorite music will now wait for you - and not the other way around.

Breathtaking speed

The powerful DOCSIS 3.1 cable modem offers up to 6 Gbit/s downstream speed and is backward compatible with EuroDOCSIS 3.0. Fast Wi-Fi 6 enables wireless internet access for all your multimedia devices. A 2.5 gigabit LAN port, three 1 gigabit LAN ports and a powerful telephone system with a whole range of features round things off.

Ideal for multimedia

FRITZ!NAS and the integrated media server make the FRITZ!Box 6690 the ideal multimedia hub in your home network. No matter whether they are stored on your computer, tablet or smartphone – pictures, music and videos are available throughout the entire network. The FRITZ!Box 6690 also streams unencrypted TV channels from your DVB-C connection (depending on the network provider) throughout the home network.

Phone calling fun

With the FRITZ!Box 6690 Cable's high-performance telephone system, you're set for anything: connect analog, DECT and ISDN phones, configure answering machines, manage call lists and get

notifications about missed calls or new voice messages sent to you by email. The integrated fax machine function and HD telephony complete the package.

FRITZ!Box? For sure!

To protect your communication and data from unauthorized access, the FRITZ!Box 6690 Cable features an advanced security concept. AVM regularly releases free updates to keep the software up to date and fight off potential threats right away. What's more, telephony, wireless connections and setup according to the latest standards are protected from unauthorized access.

FRITZ!OS – the mastermind of the home network

FRITZ!OS is the operating system of your FRITZ!Box. In the browser-based interface you can not only manage network and telephony functions, but also receive new features through free updates on a regular basis.

But that's not all: use the practical FRITZ!Apps to access your data with your smartphone from on the go or to make calls within the home network and more. Just like the updates, FRITZ!Apps are free of charge.
