Samsung S50GC computer monitor 86.4 cm (34") 3440 x 1440 pixels UltraWide Quad HD LCD Black

Model: LS34C500GAUXEN

Manufacturer: SAMSUNG

EAN: 8806094760347

Product Code: 1613274

R5,412

The power to perfect professionals

21:9 Ultra WQHD

See more than before. Whether working on a project or enjoying a movie during downtime, see every detail on the wider display featuring a 21:9 aspect ratio. Ultra WQHD provides the simplest way to maximize screen real estate and experience truly seamless multitasking on just one screen.

HDR10

Enjoy any content in stunning accuracy. With HDR10 that displays over 1 billion colors compared to 16.7 million for typical SDR technology, dark colors are darker and the brightest are brighter. Every piece of content becomes a joy to look at and can be experienced exactly as the creator intended.

TUV-certified Intelligent Eye Care

Keep your eyes comfortable. An ambient light sensor on the monitor detects lighting in your workspace and automatically adjusts brightness. Excessive blue light is minimized with Eye Saver Mode while the Flicker Free feature relieves eye strain.

100Hz refresh rate

Smooth action with less lag and blur. A faster refresh rate updates the image on the screen more often every second. The 100Hz refresh rate reduces lag and motion blur when playing games, watching videos, or working on design and video projects, delivering an ultra-smooth experience.

AMD FreeSync

Superfluid entertainment experience. AMD Radeon FreeSync™ keeps your monitor and graphics card refresh rate in sync to reduce image tearing. Watch movies and play games without interruptions. Even fast scenes look seamless and smooth.

Borderless Design

Minimal bezel brings maximum concentration. The virtually bezel-less screen shows you the full picture and looks almost gapless when used in a dual-monitor setup so you can see more at once with no distractions.
