R4,065

SOUND LIKE A PRO

Professional, hands-free calls are here with the Engage 45 SE headset for deskphones. Its impressive microphone is optimized for speech clarity so everyone is heard loud and clear, whether in the office or taking calls at the front desk. With wideband audio delivering natural, crisp sound, we say goodbye to call fatigue and those annoying crackly, robotic voices and say hello to clearer, efficient conversations via the deskphone. Yes, they did catch that.

BUSY-DAY-PROOF

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The Engage 45 SE is made for the busiest work environments. Whether it’s a corporate front desk, a bustling hotel, or a hectic hospital, this headset is designed to handle it all. Its durable design can take the daily grind without breaking a sweat – you can count on this headset for tough, reliable performance that keeps up with any demanding job, day in, day out.

ALL BASES COVERED

The Engage 45 SE is part of the versatile Engage wireless family, built to adapt to changing needs. Users start by connecting it to a deskphone, but, if the setup changes, no worries - this headset works with the Engage 55 USB adaptor (Link 400) and Engage 65 base unit accessories too. That means you can keep the same headset and just upgrade your USB adaptor or base, making it a smart, future-proof solution for any organization. Flexible, adaptable, and ready for anything.

LIGHT AS A FEATHER

Say goodbye to any headset discomfort with the Engage 45 SE. Its ultra-lightweight design means users won’t feel bogged down, even during marathon shifts. This headset is designed to be cool and distraction-free with no more heat build-up or pressure on the ears - just complete comfort for full focus. The perfect blend of lightness and performance makes every workday super smooth from start to finish.

MAXIMUM SECURITY

As with the rest of the Engage DECT SE products, the Engage 45 SE is DECT Security certified and goes the extra mile with FIPS military-grade 256-bit encryption. Think of it as a mini Fort Knox - conversations and data are locked down tight. For sensitive information and total peace of mind, the Engage 45 SE ensures all chats stay private and secure.

FREEDOM TO ROAM

The Engage 45 SE has an impressive wireless range of up to 150 meters, allowing freedom to move around the office, assist guests at the front desk or step into the back room when needed. Wherever users wander, they’ll experience clear and stable wireless connectivity that doesn’t drop. This extended range gives the freedom to multitask and stay productive without being tethered to a

desk.

POWER-UP YOUR CALLS

Stay powered up with the Engage 45 SE’s impressive battery life. Get up to 13 hours of talk time with the stereo or mono headsets, and up to 9 hours for the convertible headset. If there are back-toback calls or extra-long shifts, this headset keeps going strong all day. No more stressing about battery life – users can stay focused and productive all day with the Engage 45 SE’s reliable, long-lasting performance. Ready, headset, go.

AS FLEXIBLE AS YOU ARE

Because everyone’s preferences are different, Engage 45 SE is available in three different wearing styles, mono, stereo or convertible, that can be used with an earhook or headband depending on what suits the user best.
