USB 3.0 Lightning-Fast Data Transfer

Experience blazing-fast data transfer with the latest USB 3.0 standard. Offering speeds up to 10 times faster than traditional USB 2.0, with a maximum transfer rate of 5 Gbps. Its bidirectional data flow and backward compatibility ensure a faster, more stable connection, greatly enhancing your overall user experience.

Compact Design, Easy to Carry

The WU1300S's sleek, compact design makes it easy to carry anywhere. Its small size won't block neighboring USB ports, providing hassle-free compatibility for all your needs.

Broad System Compatibility for Every User

The Wi-Fi adapter supports a wide range of operating systems, including Windows, macOS, and Linux, catering to the needs of all users. Enjoy stable and fast internet connections across various platforms.
