Citiz design

Citiz features an elegant design inspired by retro-modern style.

Temperature control

De'Longhi Thermoblock system brews your coffee at the ideal temperature. It does this by only heating the water required for each beverage.

Auto shut-off

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
