

LevelOne Fast Ethernet PoE Splitter, 802.3af PoE, 5-12V DC Output

Model: POS-1002

Manufacturer: LEVEL ONE

EAN: 4015867160701

Product Code: 1616924

R1,329

The LevelOne POS-1002 PoE Splitter splits a networked PoE signal into a separate power and Fast Ethernet data sources. This device allows administrators to run Fast Ethernet speed PoE cables over long distances, and then split the PoE signal into a separate data and power sources in order to run non-PoE devices. This active PoE splitter is available in the following output voltages (5V, 9V or 12V).

Save installation and equipment cost when installing access points, IP cameras and other devices in remote locations, with no need to install network devices near a power outlet. This compact splitter safeguards valuable network equipment with short circuit protection and quickly creates an integrated PoE and non-PoE network at Fast Ethernet speeds.

- IEEE 802.3af compliant
- Converts non-PoE devices with Power over Ethernet support
