and adjust the monitor's height to adapt to any setup or workflow, providing ergonomic flexibility.

Enhanced Comfort for Work and Life Balance

Centered Field of View

The monitor's 1500R curve broadens your peripheral vision, centering the view and enabling you to see more of the screen at once without excessive eye or head movement. This enhances visual immersion and eye comfort.

1500R Curve

21:9 Ultra-wide Screen with Stunning UWQHD Resolution

Boasting UWQHD 3440 x 1440 resolution, the monitor provides the equivalent of 35% more screen space than a Full HD monitor of the same size. With an ultra-wide 21:9 aspect ratio, any game or movie will become an immersive journey into a different world.

UWQHD 3440 x 1440, Ultra-wide 21:9

Clarity From Any Angle

Enjoy superb performance and better viewing quality from horizontal to vertical angles. With SuperClear® Vertical Alignment panel technology, the curved monitor provides clear visuals and great contrast color from 178°, whether you are looking at the screen from above, below, the front, or the side.

SuperClear® 178°/178°

Smooth Work at 100Hz

With a fast 100Hz screen refresh rate, you can experience a truly fluid visual display. This results in improved viewing clarity, reduced screen stutter during fast-moving action scenes, and benefits work-related tasks, reducing eye strain and increasing productivity.

100Hz Refresh Rate

Rich Captivating Audio

Designed with dual 5W front-firing speakers, the VG3456C offers an incredible screen performance with a rich stereo sound for an unparalleled audiovisual experience.

Dual 5W Front-Facing Speakers

Free Up Your Laptop Ports

Expand your laptop functionality and plug all your devices directly into your docking monitor – the VG3456C. Get a charge (that transmits power up to 100W), data, video, and audio with a single cable connected to the USB-C port. The built-in 10/100/1000 Mbps gigabit Ethernet(RJ45) port provides an extra fast and stable network option.

USB-C Transmit and Direct Network Support

Three-sided frameless bezel

Break free from bulky frames with an impressive three-sided frameless screen. The woven fabric design supports touch function keys, combining form and function beautifully.

Super Narrow Bezels / Woven Fabric Design Hotkeys

Clutter-Free Workstation

Designed to maintain a tidy and organized workspace, the monitor's stand features a versatile design that includes a carrying handle for easy mobility, supports cable management, and is compatible with a client mount kit, keeping clutter and cables out of sight.

Cable Management & Client Mount Kit Compatible

Advanced Ergonomics Design

Enjoy maximum comfort while working – swivel, height adjustment, and a 40° ergonomic tilt angle. Whether you choose to work while standing or engage in strategic group discussions around the screen, you can adjust the monitor's position to your preference.

Swivel +/-60°, Tilt 40°~-5°, Height Adjust 0~110 mm

Boost Efficiency with Smart Software
