The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Two Gigabit Ports for More Connections

Festa F54 offers two Gigabit ports for flexible connectivity.

Seamless Mesh Networking For Business

Reduce the need for Additional Wiring

With wireless mesh technology, you won’t require extra Ethernet cables to link additional APs across the coverage area. With PoE support, a single cable effortlessly integrates data and power, obviating the necessity for extra wiring.

Seamless, Smooth, and Stable Wi-Fi

Seamless Wi-Fi ensures that all users enjoy uninterrupted connections when moving between different access points through 802.11 k/v/r seamless roaming technology.

Multiple PoE Options for Easy Installation

Festa F54 supports both 802.3af PoE and Passive PoE power supply, which can be either powered by a PoE switch or the provided PoE adapter. Choose a suitable method according to your needs.

Using Festa PoE Switch

Powered and connected by an 802.3at PoE switch using one single cable for convenient deployment.

Using the Provided Passive PoE Adapter

Easily powered and connected using a single cable via the provided passive PoE adapter.

Festa App and Web for Easy Setup and Management

Convenient setup and on-the-go network management via the Festa app

- Zero-Touch Provisioning
- Unlimited Management Scale
- Topology View
- VLAN Settings
- Portal Authentication
