Every angle all on one screen.

8-Channel Real-Time Live View

Sharp image definition up to 5MP and an 8 channel display ensures you capture every detail, from every angle.

Reviewing footage is faster than ever.

4-Channel Simultaneous Playback

Replay the feed from up to 4 cameras at the same time, increase replay speed, and find events in the video schedule to easily review footage.

Keep an eye on things even when you are on the move.

Remote Monitoring

Dedicated VIGI app is developed for remote monitoring, providing ease and convenience.

No need to check long compatibility lists.

Onvif Ensures Compatibility

Easily add IPCs from VIGI and other brands to establish a powerful and varied network thanks to barrier-free compatibility.

Up to 720 days of footage stored locally.

1 HDD (up to 10 TB)

Stores up to 10 TB (720 days of video) on a SATA hard drive, keeping your data storage secured locally.

Greet your visitors before they enter.

Two-Way Audio

With voice intercom support, carry two-way conversations while watching your feed from anywhere. Suitable for management.

More bandwidth for more cameras.

80 Mbps Video Access Bandwidth

High video access bandwidth ensures your NVR connects more cameras with high resolution. Based on laboratory testing using VIGI cameras, VIGI NVR can connect up to eight 4MP cameras.

Manage everything with one.

Run your business with peace of mind.

The VIGI professional surveillance system by TP-Link is dedicated to protecting the business you've
