TP-Link INSIGHT S345-4G Bullet IP security camera Outdoor 2688 x 1520 pixels Wall

Model: INSIGHT S345-4G(4MM)

Manufacturer: TP-LINK

EAN: 8885020625585

Product Code: 1617824

R12,247

4G and 3 LAN Ports, Hassle-free Deployment

4MP Outdoor Full-Color 4G Bullet Network Camera

3 LAN Ports Meet Minimal Deployment Effort

InSight S345-4G offers industry-first three LAN ports, enabling simultaneous connectivity for up to three devices as you need. It is ideal for coupling with solar power systems to eliminate additional wiring deployments.

Human & Vehicle Classification

Distinguish humans and vehicles from other objects and receive more accurate event notifications.

LightPro Night Vision Technology

The VIGI LightPro Night Vision Technology intelligently switches between IR night vision and full-color night vision by detecting people or vehicles. This allows the camera to capture clearer and more critical details with the white light on, and to reduce light pollution and energy consumption with the IR light on at most time, effectively adapting to a broader range of scenarios.

Smart Video Enhancement Technology

True WDR: By analyzing and blending different exposures, True WDR ensures both bright and dark areas remain properly exposed, delivering a well-balanced and natural-looking image even in environments with high-contrast lighting.△

Smart IR: Smart IR dynamically adjusts infrared lighting to prevent overexposure and glare, improve visibility at different distances, and ensure clearer footage.

3D DNR: 3D DNR is a noise reduction technology that analyzes image data across frames to selectively reduce noise while preserving important details.

White Balance: White Balance ensures that white appears neutral in an image, regardless of the lighting conditions.

Efficient H.265+ Compression Technology

H.265+ reduces the required bandwidth and storage space for videos while maintaining excellent image quality. It saves 57.5% and 15% more storage space compared to H.264 and H.265, respectively.
