enhance conferencing, while 8 MEMS microphones and a high-fidelity speaker ensure excellent call quality. Manageable via Yealink Device Management Platform, UVC40 E2 is your choice for seamless collaboration.

SMART AI, CLEAR FOCUS.

With advanced AI technology such as Auto Framing and Speaker Tracking, the UVC40 E2 automatically adjusts framing based on participant count and positions, seamlessly zooms in on speakers without manual intervention, ensuring enhanced conference focus during meetings.

SMART VISION, WIDE VIEW.

Featuring a ultra-HD 4K lens, the UVC40 E2 ensures clear and smooth video calls, delivering vivid and detailed presentations. Its 120° ultra-wide view effortlessly covers every corner of the meeting room, capturing all participants. Smart Area Exposure* enhances overall brightness through AI image algorithms, ensuring optimal face and picture presentation.

Smart Sound, Superior Clarity.

8 MEMS microphone arrays for superior noise reduction and echo cancellation. Enhanced by an upgraded beamforming algorithm and advanced acoustic processing technology, the UVC40 E2 delivers high-quality full-duplex calls with precise voice pickup.
