Apple CarPlay - Connect Wirelessly or via USB

A smarter, safer and more fun way to use your iPhone in the car. Apple CarPlay gives iPhone users an intuitive way to make calls, use Maps, and listen to music with just a word or a touch.

Android Auto™ - Connect Wirelessly or via USB

Android Auto was designed with safety in mind. With larger touch targets, a split-screen interface, and easy-to-use voice actions, it's designed to minimize distraction so you can stay focused on the road.

Wireless Mirroring for smartphone

By installing the “MirrorApp+” app, your smartphones seamlessly displayed on the receiver's screen without cable. You can enjoy a variety of apps such as Waze, YouTube, and Instagram. Touch control is possible from both screen and Smartphone.

Streaming Music

Listen to popular music applications and music stored on your device with basic audio controls.

Optimal Sound Performance with 13 Band Graphic EQ and Time Alignment

Use the graphic equalizer to tailor the sound quality to your unique tastes. Additional sound staging is available with the Time Alignment feature, designed to provide optimal sound performance.

Playable Video & Audio Files

You can play back from USB devices audio and video files compressed in various formats.

Safe Driving

Rear View Camera Input with Parking Guidelines

An optional rear view camera enhances safety while backing up and monitoring behind your vehicle. Built-in, adjustable parking guidelines further add to its effectiveness.

WSVGA LCD Display

The WSVGA display reproduces approximately 1.6 times higher resolution than the conventional WVGA display. You can enjoy finely detailed expression of color gradients and lifelike visuals in dramas and movies, enhancing your viewing experience.

Convenient and Easy-to-Use Capacitive Touch Panel

Provides a high contrast ratio, crystal clear display and vivid text. Easy to use widgets provide access to information screens with a swipe.

Direct OEM Steering Remote Control

The receivers can be installed in most Japanese and Korean vehicles easily.

Short Chassis Design

The reduced depth of the chassis contributes to a weight reduction and facilitates easier installation.

High Current 2.1A Charging

Rapidly charge your smartphone using the USB port, with up to a maximum of 2.1A.

*Compatibility depends on the smartphone.

Remote Control (Optional)

This receiver unit can be operated using the optional remote control KCA-RCDV340.
