FRITZ!Repeater 1610 Outdoor – For the best Wi-Fi everywhere – outdoors & indoors

Compact and powerful: The FRITZ!Repeater 1610 Outdoor extends your Wi-Fi in the home and garden. The intelligent FRITZ! Mesh ensures convenient setup and top Wi-Fi reception at all times.

Maximum flexibility indoors and outdoors

The FRITZ!Repeater 1610 Outdoor extends your home network with powerful Wi-Fi – exactly where you need it. Whether on the patio, the balcony, or in the garden: A LAN connection incorporates the

extender into your FRITZ! Mesh and reliably ensures more Wi-Fi outdoors.

The splash- and dust-proof housing is IP54-certified and allows the FRITZ!Repeater 1610 Outdoor to be set up or installed near a window or in a protected outdoor area.

This means you can also enjoy fast internet, smooth streaming and excellent reception outdoors – fully automated and with maximum range.

More Wi-Fi everywhere - with Wi-Fi 6

The Wi-Fi 6 standard meets the needs of networks with the constantly increasing numbers of wireless devices. From smartphones, notebooks and speakers to 4K smart TVs: more and more devices are being used simultaneously on Wi-Fi. Wi-Fi 6 optimally integrates every device into the home network, ensuring that you always have a reliable data connection.

The FRITZ!Repeater 1610 Outdoor supports Wi-Fi 6 in the 2.4-GHz and 5-GHz bands, the latter including even 160-MHz-wide Wi-Fi channels that enable speeds of up to 3000 Mbit/s.

Mesh Wi-Fi with FRITZ! – the intelligent Wi-Fi

Wi-Fi, but smart: In the Mesh the FRITZ! devices work together so that you can enjoy your Wi-Fi. The Mesh technology steers your devices intelligently into the best-suited Wi-Fi band or to the next wireless access point.

From the Wi-Fi network of a FRITZ!Box all the way to a large Mesh Wi-Fi with multiple distributed stations: With Mesh from FRITZ!, benefit from the best Wi-Fi in small and large environments.

Power and data with just one cable

The FRITZ!Repeater 1610 Outdoor is powered using Power over Ethernet (PoE+). This way the extender can be installed flexibly, for example in hallways or secluded rooms.

The PoE+ power adapter included in delivery also has an additional gigabit LAN port to integrate it into the home network or connect wired devices. This makes the FRITZ!Repeater 1610 Outdoor the optimal all-rounder for demanding Wi-Fi scenarios in the home network and professional environments.
